Troublesome to the Army.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy, and says he never found anything that would give him such quick relief. It is for sale by all druggists. E. William C. Baum Injured by Pacer Tony B.

Little Coaster Will Not Race Again.

Important Meeting of Football Association.

An Ode to Jimmy Rankin—Sporting News.

William C. Baum, the well known owner of the pacer Tony B was seriously injured while giving the horse a work out on the Fountain park track Tuesday morning.

The horse while on the home stretch began to rear up. Mr. Baum who is a heavy man, was on the bike sulky. In attempting to stop the horse the bike was drawn forward with considerable force. Just at this time the animal again reared up in front. The force of the sulky hitting his hind quarters was so great that he fell over backwards. Mr. Baum was thrown under the pacer. He was badly bruised and it is feared injured internally. The horse was caught before he could do any further damage. The accident was an unfortunate one. The horse was just getting in good condition. He has been lame since early in the season.

JAMES RANKIN, JR.

He is lean and lanky, is my Jim. He has an awkward stride; He is pigeon-toed and knock-kneed. But my how he can ride.

He wears glasses hanging on his nose. Just like old dad Bill Nye; But they never seem to interfere When it's time for Jim to fly.

And yet he is pretty in the face. The girls say he ain't slow; But girls are never thought of When Jim begins to race.

His props look like wooden stiffs. That to strain would seem a sin. But they always make good piston rods When Jim goes for the tin.

And when you see him stretch his neck And point his peaked face. You can put it down for certain That Jim is going to chase.

Now if you think that he can't ride, Just take him for a spin. It's ten to one he will tan your hide, And have you cashing in.

If perchance you get beside him, He always takes the hint, And it's always a cinch for Jimmy. Against even a human sprint.

He is modest and unassuming; His tongue he handles right; He never tells what he can do, But he does it all in sight.

And Jim, you will always find on Dech. No matter how long it is. If it be a quarter mile open, Or ninety-six, it's his.

Now, really he is the warmest That ever came down the pike— One reason for his good success, He rides a Cleveland bike.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to medicine. Catarrh is a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Address, F. J. CHENEY & Co., Toledo, O. Sold by druggists.
